

THE BOURBON NEWS.

PUBLISHED EVERY TUESDAY AND FRIDAY IN THE YEAR.

VOLUME XXVI.

PARIS, KENTUCKY, TUESDAY, MARCH 13, 1906.

NUMBER 21.

SATURDAY AT FRANKFORT.

The days work of the House was marked by the passing of the racing commission bill, and other measures of importance, and that of the Senate by a wrestle with the Revenue and taxation bill which continued until the coming of Sunday. The rectifier's license was under fire when the tired body adjourned until Monday.

With the strongest speakers of the House working in its behalf, and backed by the entire body of representative horsemen of the State, the Chinn-Russell State Racing Commission bill was passed by the House Saturday by a unanimous vote of eighty-three to nothing. Having already passed the Senate, the measure is now up to the Governor for his signature, and will then immediately become a law.

Mr. T. C. McDowell, of Lexington, one of the most noted horsemen in the United States, said when the last vote had been polled:

"This means the redemption of horse racing in Kentucky."

CRAWLED THROUGH SEWER PIPE.

Four prisoners broke jail at Harrodsburg by crawling from a cell, through a sewer pipe to the corridor and then prying the bars off the window and swinging to the ground. The escaped prisoners are Stanly Bradshaw, who was convicted and given two years for detaining a woman; Alonzo Yocum, indicted for forgery; William Clemmons and Elrod Morgan, under indictment for malicious wounding.

Abe Denny, in prison on a charge of murder, and R. E. Hammond, just sentenced to the penitentiary for nine years for bigamy, who were in another cell, did not get out.

A FINE LINE.

Mr. Rice representing the merchant tailoring establishment of E. L. Hays & Co., will have on display at our store a line of Foreign and Domestic Suits, Cassimers, etc., for men's Suits and Top Coats, March 14 and 15. 9-2t RUMMANS, TUCKER & CO.

HORRIBLE CATASTROPHE.

A mining catastrophe of incalculable horror and magnitude has stricken the great coal center of Northern France. An explosion of a fire camp Saturday morning carried death and destruction throughout a network of coal mines centered at Courriers, and fire followed the explosion, making rescue difficult and almost impossible.

The intense excitement and confusion in the vicinity prevented early estimates of the exact loss of life, but a dispatch gave 1,404 miners as entombed and probably lost. All France has been profoundly shocked by the magnitude of the disaster, which is said to be the greatest in history of continental mining.

CUT FLOWERS.

Leave your orders for cut flowers of all kinds with Jo Varden. Both phones.

BOARD OF CONTROL APPOINTED.

Governor Beckham Saturday forwarded to the Senate the names of General Percy Haly, of Frankfort; Dr. Milton Board, of Hopkinsville, and Judge D. B. Redwine, of Jackson, as members of the Board of Control, to have charge of the State Insane Asylums and charitable institutions, under the law just enacted by the General Assembly.

Each member will be required to execute a bond of \$25,000 for the faithful discharge of his duties. The compensation of each member will be \$2,500 a year, and his necessary traveling expenses in the discharge of his duties. The Board will have a Secretary and each institution will have a treasurer.

YOU MIGHT TRY IT.

It is claimed that if two or three flax-seed are planted in each hill of potatoes potato bugs will not bother the vines at all. The above may or may not be true, but as the expense will not be very heavy in trying the experiment it will be worth while for potato raisers to try it next planting season, and if the flax seed does not accomplish what it is supposed to do to the bugs they can go back to the old remedy and feed them on paris green.

PARIS MAY GET A BUILDING.

The Washington correspondent in Friday's Courier-Journal says:

"Representative South Trimble, of the Seventh District, left for Kentucky to-night to spend several days. The Public Buildings Bill will likely contain an appropriation for a building at Paris in addition to those at Mayfield, Bowling Green, Winchester and Owensboro. Mr. Trimble has filed with the committee a strong argument for the necessity of a building at Paris which is understood to have met with a favorable response from the committee."
